WHAT IS THE LEPATONIA?

LEPATONIA is a HYPER-Deflationary Community DeFi Coin focused on creating opportunities through innovative Decentralized financial tools.It aims to reach large masses in the crypto exchange, whose users are increasing day by day, to create a large community and to enter important markets such as Metaverse and NFT, which are the first steps of the digitalized world with this community, to keep up with technology and the modern world.

WHAT ARE OUR GOALS?

Lepatonia is a token built on a win-win system.

Thanks to our large marketing network, we will be working to increase the value of the token day by day by reaching wider audiences.

Thanks to our social media team, we aim to bring new members to the community by frequently promoting and advertising on important platforms such as Telegram, Twitter, Reddit..

One of the our biggest goals are to show up in important markets such as Metaverse and NFT and to prioritize valuable members of our community.

Our biggest goal is to have a permanent place in the crypto exchange.

WHAT DOES IT OFFER TO ITS USERS?

The primary goal of Lepatonia is to bring in the members of the community.

Taxes from purchases and sales will be used to expand the community.

Thanks to the Reflect Holders feature, free tokens will be distributed to users in every purchase and sale transaction.

An important part of the tax cuts will be distributed to users under the name of charity by drawing lots, thus the growth of the community will be ensured.

In the future, Metaverse and NFT markets will be entered with the growing community and priority will be given to Lepatonia community members.
